Chocolate Covered Coconut Balls

3/4 cup cooked mashed potatoes
4 cups sweetened coconut
1 lb box powdered sugar
1 1/2 teaspoon almond extract
chocolate bark

Melt chocolate bark according to package directions. Place mashed potato in mixing bowl. Add powdered sugar 1 cup at a time until well mixed. Add coconut and almond extract and mix together until completely combined. Roll into balls and chill. Dip each ball into the melted chocolate with a fork carefully to cover completely and dry on waxed paper. If candy filling gets sticky while rolling in chocolate, just chill the dough until firm again and then continue rolling it in the melted chocolate.
