

Caramel Spider-Mallows

Large marshmallows

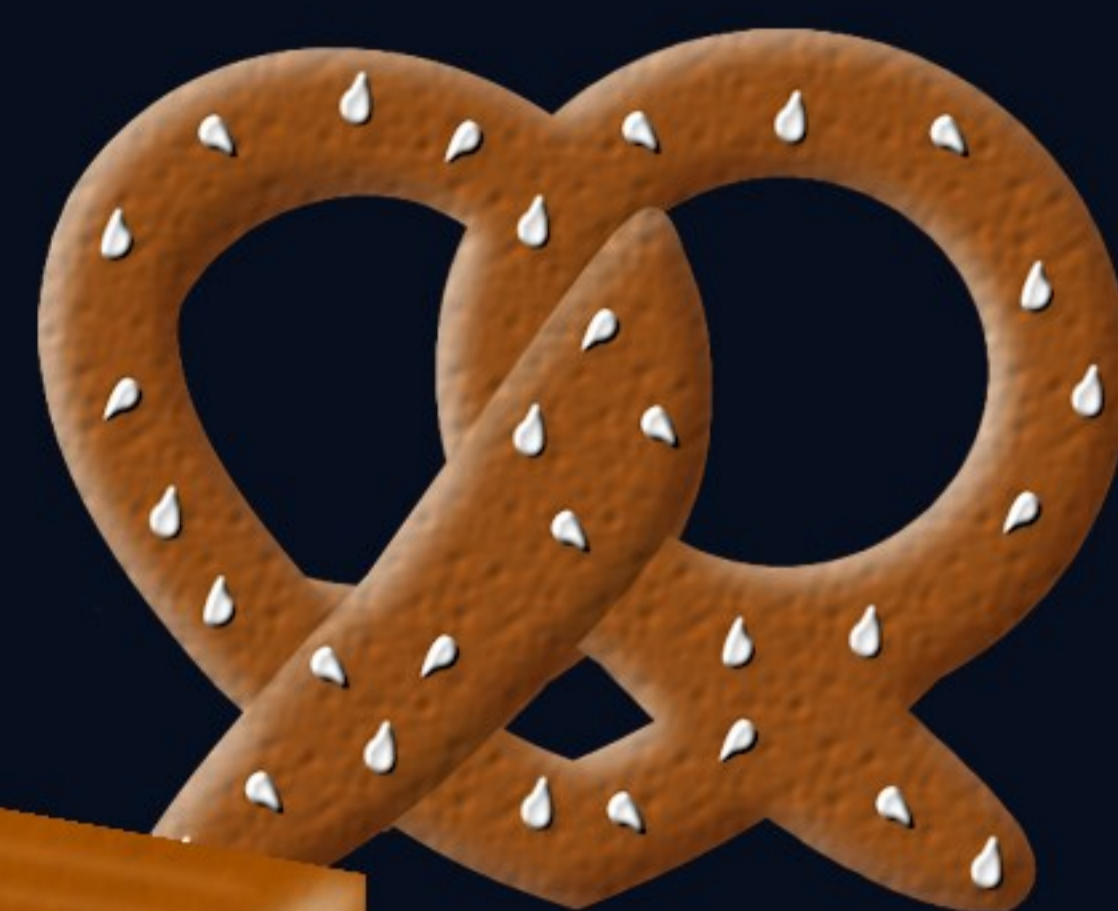

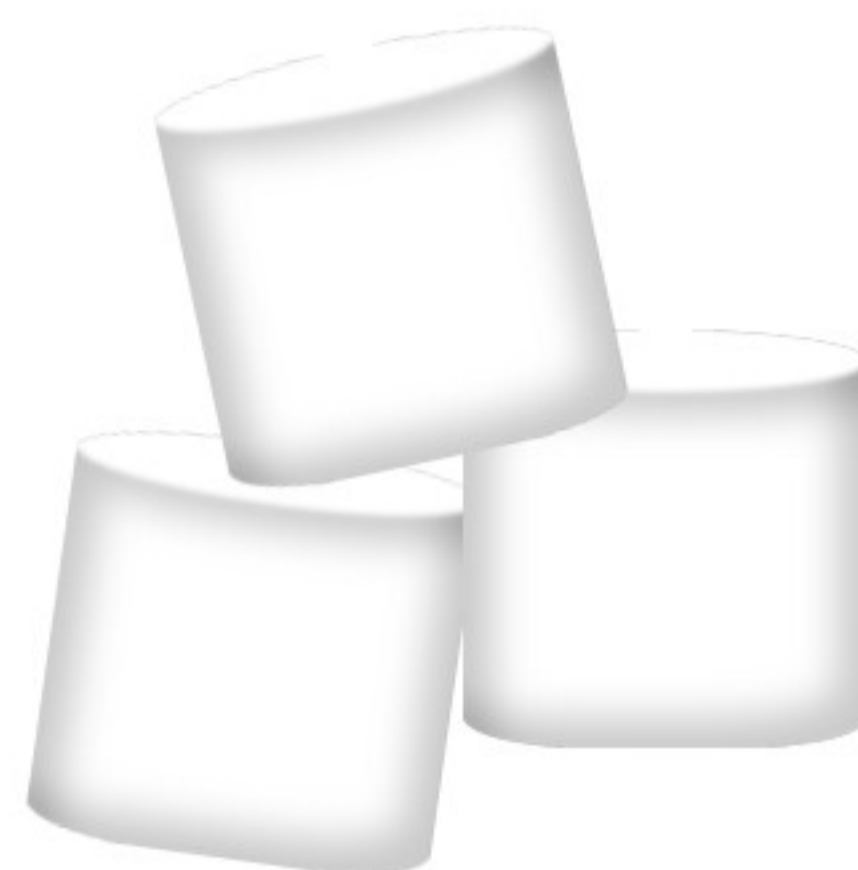

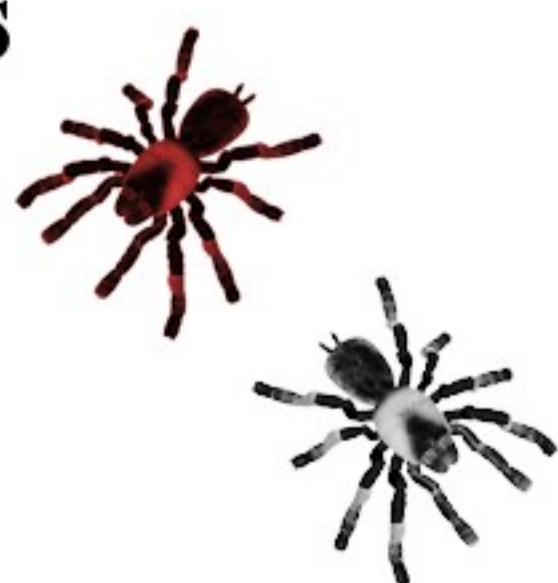

Caramels

1 teaspoon water

Crushed pretzels

1 tube squeezable chocolate frosting

Small gummy spiders

Unwrap and microwave caramels and water 2 minutes on high and then stir. Microwave additional minutes, stirring in between each minute until smooth and creamy. Dip marshmallows halfway into the warm caramel and let the extra drip off. Then dip into crushed pretzels and place on waxed paper to set. Draw a spider web on top of each marshmallow with chocolate frosting and place 1 gummy spider on top of the web.
